DETAILED ACTION

Response to Amendment

1. This office action is in response to the amendment filed on 1/16/2007.
2. The information disclosure statement filed on 3/1/2007 has been considered.

Claim Rejections - 35 USC § 102

3. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

4. Claims 6-8 are rejected under 35 U.S.C. 102(b) as being anticipated by Tay et al. (US-6,281,851 hereinafter, Tay).

Regarding claim 6, Tay teaches a portable wireless apparatus (Fig. 1 [10]), comprising:

a conductor board including at least a circuit board; (Fig. 1 [13])

a box-shaped shield member having an electrical length about half (Fig. 2 [20]) that of said conductor board (Fig. 2 [13]), and having an opening at a top thereof (Fig. 2 [18 or 19] and Col. 2 lines 7-41) to receive said conductor board therein so that said box-shaped shield member has an inside surface that faces a surface of said conductor board and a bottom of said conductor board is electrically connected (Fig. 2 [18 or 19] and Col. 2 lines 7-41) to a bottom of said box-shaped shield member; and

a feeding mechanism configured to supply power to around a center of said conductor and at the top of said box shaped shield member. (Fig. 2 [18])

Regarding claim 7, Tay teaches the electrical length of said box-shaped shield member corresponds to about a quarter wavelength of a radio wave transmitted by said portable wireless apparatus. (Col. 3 lines 53-61)

Regarding claim 8, Tay teaches said box-shaped shield member comprises a metal coating on an inside of a housing of said portable wireless apparatus. (Fig. 2 & 3 [14])

Response to Arguments

5. Applicant's arguments with respect to claims 6-8 have been considered but are moot in view of the new ground(s) of rejection.

Conclusion

6. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the

Art Unit: 2617

shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
